Personal Protective Equipment Recognition
GD-CW-AT-PPE

GRUNDIG

Type: Additional modules - C-WERK - Software
Item Code: GD-CW-AT-PPE
EAN CODE:

PREMIUM

The PREMIUM product line offers versatile solutions with unique and unparalleled features.

Highlights

Smartphone App

The mobile application was developed to facilitate operators in effectively controlling and managing video systems remotely, at any time. It allows for live image viewing, playback of recorded video data, and receipt of remote notifications.

Features

- The software module can open or close potential-free contacts and thus control doors or barriers or execute macros to automate tasks

- The module requires a C-WERK Premium Camera License

- Allows C-WERK to recognize people without personal protective equipment such as a helmet, safety vest and protective clothing
